# **Energy performance certificate (EPC)**

23 Michael Road LONDON SE25 6RW Energy rating

Valid until: 6 June 2033

Certificate number: 0330-2773-5260-2807-0631

Property type End-terrace house

Total floor area 112 square metres

## Rules on letting this property

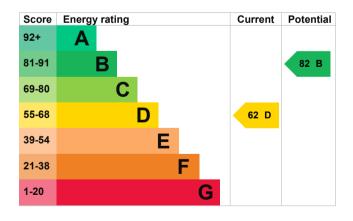

Properties can be let if they have an energy rating from A to E.

You can read <u>guidance</u> for <u>landlords</u> on the <u>regulations</u> and <u>exemptions</u> (<u>https://www.gov.uk/guidance/domestic-private-rented-property-minimum-energy-efficiency-standard-landlord-quidance</u>).

# **Energy rating and score**

This property's current energy rating is D. It has the potential to be B.

<u>See how to improve this property's energy efficiency.</u>

The graph shows this property's current and potential energy rating.

Properties get a rating from A (best) to G (worst) and a score. The better the rating and score, the lower your energy bills are likely to be.

For properties in England and Wales:

the average energy rating is D the average energy score is 60

# Breakdown of property's energy performance

## Features in this property

Features get a rating from very good to very poor, based on how energy efficient they are. Ratings are not based on how well features work or their condition.

Assumed ratings are based on the property's age and type. They are used for features the assessor could not inspect.

Feature	Description	Rating
Wall	Solid brick, as built, no insulation (assumed)	Very poor
Roof	Pitched, no insulation (assumed)	Very poor
Roof	Roof room(s), insulated (assumed)	Very good
Window	Fully double glazed	Good
Main heating	Boiler and radiators, mains gas	Good
Main heating control	TRVs and bypass	Average
Hot water	From main system	Good
Lighting	Low energy lighting in all fixed outlets	Very good
Floor	Suspended, no insulation (assumed)	N/A
Secondary heating	Room heaters, wood logs	N/A

## Low and zero carbon energy sources

Low and zero carbon energy sources release very little or no CO2. Installing these sources may help reduce energy bills as well as cutting carbon emissions. The following low or zero carbon energy sources are installed in this property:

· Biomass secondary heating

## Primary energy use

The primary energy use for this property per year is 217 kilowatt hours per square metre (kWh/m2).

# How this affects your energy bills

An average household would need to spend £2,165 per year on heating, hot water and lighting in this property. These costs usually make up the majority of your energy bills.

You could **save £743 per year** if you complete the suggested steps for improving this property's energy rating.

This is **based on average costs in 2023** when this EPC was created. People living at the property may use different amounts of energy for heating, hot water and lighting.

#### **Heating this property**

Estimated energy needed in this property is:

- 13,238 kWh per year for heating
- 2,111 kWh per year for hot water

## Saving energy by installing insulation

Energy you could save:

- 1,186 kWh per year from loft insulation
- 4,185 kWh per year from solid wall insulation

## More ways to save energy

# Changes you could make

Step	Typical installation cost	Typical yearly saving
1. Internal or external wall insulation	£4,000 - £14,000	£483
2. Floor insulation (suspended floor)	£800 - £1,200	£120
3. Heating controls (room thermostat)	£350 - £450	£60
4. Solar water heating	£4,000 - £6,000	£79
5. Solar photovoltaic panels	£3,500 - £5,500	£676

#### Help paying for energy improvements

You might be able to get a grant from the <u>Boiler Upgrade Scheme (https://www.gov.uk/apply-boiler-upgrade-scheme)</u>. This will help you buy a more efficient, low carbon heating system for this property.

#### Who to contact about this certificate

## **Contacting the assessor**

If you're unhappy about your property's energy assessment or certificate, you can complain to the assessor who created it.

Assessor's name Anita Lane
Telephone 07900037455

Email <u>lanes.energyassessors@gmail.com</u>

#### Contacting the accreditation scheme

If you're still unhappy after contacting the assessor, you should contact the assessor's accreditation scheme.

Accreditation scheme Elmhurst Energy Systems Ltd

Assessor's ID EES/022938
Telephone 01455 883 250

Email <u>enquiries@elmhurstenergy.co.uk</u>
